Dear Betty:

And I, too, enjoyed meeting you and talking with you. I was sorry not to be able to stay longer at the meeting. I had made plans to attend the symphony concert out at Connor Prairie to hear a young woman flutist whom we knew in Buffalo. NY. She was the soloist . . the first time I had heard her since she entered a professional career.

Marion Shirley suggested that I write Elwood Shirley of Lexington KY and see if he could supply pieces of the puzzle. He seems confident that Richard Shirley is the grandfather of my great grandfather, Wm. T. Shirley. He knows a lot about Richard . . just where he and six or seven other Rangers under the command of William Phillips (My ppaternal grandmother was a Phillips.) were massacred . not "burned at the stake." It was in Bedford Co. PA, not far from NE Kentucky. He also sent me a copy of an American Legion publication which told all about the occasion of the reburying of the bones of those killed. That was in 1933, after the remains were found buried 18 inches down. But I expect you know all about that.

Elwood traced the young widow and two children, William and Margaret, to Bracken Co. KY and then to Monroe Co. IN, where the widow was married for the third time, and her son William raised a family of at least five children, probably more like ten. (Actually, he didn't "raise them there. He was married in 1801 (my great grandfather was born in 1806) and didn't move to Indiana until the twenties. We have a problem in pinning down the date, probably about 1829. My great grandfather was married in 1829 in Claysville KY and moved to IN in 1832. He lived in Gosport, and the William whom we believe to have been his father lived just across the Co. line in Monroe Co.

The Monroe Co. Historical Society put me in touch with a Paul Taylor who is a part of this Shirley line IF the two Williams are father and son. He and his wife came to Danville to see me last Tuesday, carrying an armload of books. He's very much interested in genealogy and is working on my problem along with his own. We think the T in Wm. T. stands for Taylor.

Copies of Lois letters to me 1985
Think she finished her project + that ended her gen. interests. I see she was born 1903.

The William (b. 1780) who was the son of Richard the Ranger married a Jemima Taylor. So we're at the point where we (Elwood, Paul, and I) where we're almost sure of the connection between William (b. 1780 and Wm. T.(b. 1806) as father and son but we don't have the proof.

At the moment¢ I don't see myself as getting into geneaology in a big way, although it would be possible if my eyes were better. . for reading and for driving in unfamiliar places. But I would like to make the Shirley line clear and firm.

I've almost finished the family story . . as much of it as is available with a moderate amount of searching.

I enclose a check for $15 for a year's membership in the Association. I would welcome any help you can offer on my puzzle, but it's possible that we'll find the answer though the efforts of those nearer by. . . Although this Paul Taylor is not a professional geneaologist, he is very much interested, has done quite a bit on his own family, and lives in the community where the Shirleys settled in Monroe Co. . in Beanblossom Twp. Monroe Co. . . with a Gosport, Owen Co., address.

I'll let you know when I have more to report.

Dear Betty:

You were so kind to give so much of your precious time to my problem when we met in Indianapolis.

I have one more club which could have been in the bundle of papers I handed to you there. . but I don't think it was.

In a county history of Clinton, Hendricks, and Boone counties, Indiana, there is a rather lengthy biography of James Shirley, who was a brother of my grandfather, William R. Shirley, and the eldest son of William T. Shirley, whose father we had not been able to identify.

This biography says that James's grandfather was Richard Shirley, soldier in the Revolutionary War and was burned at the stake by Indians in New York or Pennsylvania.

James Shirley was still living at the time this biography was prepared, so I presume that he personally supplied the information from family tradition.

But if it is true, maybe the puzzle can be unraveled.

I hope you had a good trip to Ettington Park and other points of interest and that plans are shaping up for the trip next year.

I am winding up work . . I think . . on our family history for the enlightenment of my grandchildren if and when they become curious about the subject. This will include the Phillipses, Hadleys, and Bringles with the Shirleys. It would be great if I could say just how we tie into the Shirley clan.

Sincerely,

Lois

Lois Shirley Crayton

3. Richard (?- 1796) married Dorcas (Cullins)

4. and 5. Archibald and William, whose relationship to the other three was "obviously close" but we do not know whether they were brothers.

The elder Richard moved from Prince William County, Va. to Abbeyville Co., S.C. with the five of the younger generation., all of whom held property in Virginia and in South Carolina. The five then moved to Scott County, Kentucky, at about the same time. James, Thomas, and Richard's widow moved on to Barren County, Kentucky.

A second James Shirley, son of Robert Shirley and grandson of the first son of Richard Shirley (James) listed above moved to Hendricks Co., Indiana, about 1830. Other members of the family and the whole Abbeyville, Scott Co., Barren Co.. group of families moved to Hendricks and surrounding counties in Indiana at about the same time.

* * * * * * *

I do not know that any of the above Shirleys have any connection with my ancestors, but it seems to me likely that they do. This is what I know about our Shirleys:

William T. Shirley (5/7/1806 – 10/4/1887) married Mary ("Polly") Worrell in Claysville, Harrison Co. Ky. on [illegible]. Mary had previously been married to Walter Hitch and had two children. She had a half brother , Richard, born out of wedlock to her mother, Sally Pickens Worrell six years before Sally's marriage to James Worrell.

About 1832 the William T. Shirleys moved to Gosport, Monroe Co., Indiana. From there they moved in 1839 to a farm near Belleville, Hendricks Co., Indiana, Later they moved to Pecksburg, Hendricks Co., where William, previously a tailor by trade, ran a store, was postmaster, and R.R. station agent. His youggest son, William R. Shirley, was my grandfather. About 1839 the other Shirleys (first part of this letter) settled in NE Hendricks Co. and spread to NW Hendricks Co. and to the county seat, Danville. Belleville and Pecksburg are in the southern part of the county. So far as I know, there was no sign of cousin-to-cousin association.

However, my father, Fred Shirley, and his brother, Alva, were at various times mistaken for members of the other Shirley family.

Scott County, where the five Shirleys listed above settled, is adjacent to Harrison County, Ky., Was my grandfather a son or a grandson of either Archibald or William Shirley, who stayed behind in Scott County when their brothers moved to Barren County?

Dear Betty:

I was glad to receive the material on Richard Shirley's descendants in the last "Shirley News." Elwood Shirley helped me a great deal in tracing my Shirleys back to Richard . . in fact he did about all of it except for the work done in Monroe Co. IN by Paul Taylor, descendant of Jemima Taylor Shirley.

I know, or think I know, that this Wm. Shirley was alive and whittling out a rocking chair for a wedding present for this granddaughter Sarah (Sallie) Shirley, in, say, 1851. She was married to Robt. Nathan Harvey on 9.26.1852.

I'm surprised that Elwood did not mention of this in the material you published. Maybe he did not consider it well documented, or maybe he sent his article to you before he received the chair story from me.

See p. 7 of the enclosure/ My sister and I went to see the chair at the home of George Harvey last May. It is Shaker style, with arms higher than what we consider usual . . . to support the arms of one reading the Bible, we were told. George, who is the last of Sarah Ann's surviving descendants, is giving the chair to the Hendricks Co. IN (Danville) historical museum.

It seems obvious to me that our Wm. Shirley (b. 1780) lived at least part of the time after the death of his wife Jemima either with his son Wm. T. or in the Belleville area elsewhere. George Harvey, whose information came from his great uncle Dayton Harvey, said that Wm. Shirley was known as "Old Bill Shirley." This suggests to me that he was not just a visitor at his son's home.

Where was he buried? If I had to guess (and it would have to be just a guess) it would be the Buchanan cemetery, ¼ of a mi. north of Belleville. Why? The Wm. T. Shirleys evidently were quite close to the wife's brothers, Richard and James Worrell. All moved to Belleville at about the same time. Richard entered land quite near (perhaps adjacent to) the Buchanan farm. Richard's wife was buried in the Buchanan cemetery, which has been catalogued twice in this century with no stone for William Shirley found. However, some stones evidently were lost, buried, or carried away.

So I believe Wm. Shirley lived at least twenty years after 1830.

Sincerely yours,

Lois Shirley Crayton

great deal about Shirleys and also about where to go for more information. He has involved himself in my investigation of Shirleys as if it were his own immediate family. I cannot thank him enough. Through him I have gotten just a taste of the excitement of digging into family roots.

This little opus is loose-leafed, not bound, thus offering an opportunity for more and more additions by anyone who reads this. The possibilities of more probing are endless. I have discovered that I am a part of, not only the four families separately treated (Shirley, Phillips, Hadley, and Bringle), but also of another family line for every past generation through a grandmother. Through the Shirleys we find grandmothers named Worrell, Pickens, Taylor, Moore, and Baily. Through the Hadleys we find grandmothers named Johnson, Thompson, Lindley, Brown and Kearns. The field is wide open for genealogy buffs.

I hope that my grandchildren, Paul and Lisa, will want to know much more about the Craytons and the Kymäläinens. There's a job for them and/or their parents.

My thanks to all who have helped in any way. I have enjoyed making contact with cousins whom I had not been in touch with for a long time.

Now for just a few tips. In the listing of names and dates I have relied partly on indentation, partly on numbers to show relationships and generations. Only direct descendents are given

Dear Marian,

Well, that solves one problem - for me - about the very mysterious Thomas Smith. That sure does help. It also 'helped a heap' to see that chart you sent. That is almost a mixed up mess! I really appreciated that chart, as I told you, I had looked and looked for you.

You are NOT alone! Joan Smith, Route 1 Box 199, Emerson, Iowa 51533, is a correspondant, and her husband is also descended from Aaron Smith and Frances Thomas. I sent her the same pages I sent you, and I am now waiting for her reply. I thought you might like to know about her.

Yes, I, too, am anxious to hear what Richard Vogt has to say. Please don't forget me. I know he has been at this for quite sometime. I was told that he had found where my Martin Shirley and Elizabeth Smith had married in Hendricks Co., IN. Hendricks County told me - twice - that they did not have the record. I finally wrote to the Indiana State Library - and I got it!!!

Is that your family on page 12 of the Spring 1991 issue of The Shirley News? Do let me know.

So glad you sent the chart. I am two years older than your husband, as I was born in 1924. My husband was born in 1921, and we have one son, born 1953. We do not have any brothers or sisters, so you see why family is so important to us. But - this mess!

Betty Shirley could not verify all the earlier people on my chart, so - much more work is needed. This is just what I have picked up - from here and there. Any correction and any addition is appreciated!!!

MAYBE the father of Mollie Grubbs was Hensley Grubbs (we know she had a brother, Hensley Grubbs), and MAYBE her mother was Suzanne. Just MAYBE we will find something on that line.

Always so very glad to hear from you.

Sincerely,

Ruby Martin

Some of these later marriages is a good guideline, such as the last entry, William Shirley would have been born c1844 so his parents were early 1800 births.

Here I will add the marriages of the poor copy of the WPA Hendricks County Marriages. I know it is difficult to read but so was the original (which is also a copy). I am still sending the photo-copy for your assistance, in case I err!

I am certain there may be errors within the above but it will guide you enough, if you would want further checking on one of these, it will be a guideline.

I will close here and you can check out what you have here. Again, I plan on a trip to town this coming week to hit the courthouse and library. Will write when I get the information and copies you requested, okay?

Until a wee bit later,

Most sincerely,

HAPPY HUNTING!

RE: Smith/Shirley lines

Dear Marian,

Yes, I will be happy to check out your Smith line. I have really acquired quite a bit of data for right here at home. I now have the 1870 and 1880 Hendricks County census on micro-film along with the WPA marriages, deaths and births on micro-film. I also have all the publications of the County Seat Scraps quarterlies from 1988 to date. This has helped immensely. WOW, what a mess of "Smiths".

I will begin with the WPA Records on MARRIAGES
1823-1920

Wm, age 27, b/p IN Brown Twp, page 71_?
Wm age 47yrs, b/p KY, Brown Twp, page 70_? bad copy?

There were no Moneys' listed (under the spelling of M O N E Y) in Hendricks County. Sorry. But will check further for variable spellings. There are Moneys' that yet live in the Danville area.

I worked for a real estate office several years ago and we managed a property for a Maurice Money. I believe he is deceased now.

I will list here the two John Moneys' shown on this index:

John Money 37, b/p Ireland Union County, page 4
John Money 37, b/p OH, Boone Co IN, Page 187

This certainly isn't much but didn't have but two hours to spare today, so maybe later I can get on this checking out the cemetery files more and also the 1850 and 1860 censuses as per your request! SORRY!

The following is information I have here at home and mostly through our "County Seat Scraps". Do you belong to our society? You may even have this data??
Here goes:

There were some Shirleys' buried at Danville South, but didn't retrieve them today;
I did list what I found at another cemetery though:

LISTON K OF P CEMETERY

Page 22 of Liston K of P Cemetery Records:

Henry S Shirley 1842-1920
John H Shirley born 12/17/1865 died 9/20/1951 (certain this should be 1951.)
Mary E Shirley 1842-1919
Nellie L Shirley born 9-9-1875 died 7-7-1901

ARBUCK CREEK CEMETERY

Page 20 (Shirley)

This cemetery is in Washington Twp.
I have been to this one and it is a very old one with graves way back when:

_____ Shirley - died 9-7-1873 age 18y 8m 12d
Wife of G W Shirley "A broken stone".

William Shirley died 9-12-1867 age 39yrs - bus of Nolita "Our father has gone to a mansion to rest from a region of sorrow and pain to the glorious land by the Dleby Myst where he

never can suffer again".

This one really confuses a person so I went to the obituaries to see if I could learn anything from the micro-filmed newspapers and run across this which adds to more confusion???

Mrs George Shirley (obit in Hendricks County Union Sep 11, 1873 Issue); Page 2 Column 4:
(I shortened this somewhat and may I add here that on Aug 22d 1873, the town of Elizabethtown (now Lizton) was hit by Cholera).

Molly Wilkinson — George Washington Shirley / s. of James + Deborah M. Hoadley - husb.

"Mrs George Shirley and her husband resided at Elizabethtown and they had come to Danville to visit friends, going to John Shirleys' to spend the night. The next day they decided to attend the Baptist Association which was being held at Abner Creek. They then returned home to Elizabethtown. She was feeling just fine. About midnight she took ill and Dr. Hoadley was summoned. She died at 2PM that afternoon (Sept 7th), with Dr Hoadley remaining by her bedside until her passing.

He and another doctor said the signs were that of cholera. Remains were taken to her father's home which is five miles north of Danville and interment was at the Abner Creek Cemetery.

She was a young lady of many amiable qualities and her husband had a terrible loss. They had only been married a year.

I am certain this will not help much. However, I still need to check more thoroughly through the obits and also the cemetery records. I will return to both the courthouse and library within the week to dig some more.

We have a new publication at the library which is an alphabetical index of the 1860 Indiana Census which lists the person's name, age, birthplace andof course county, township and page number as to where to locate within the census:

I found this:

Indianapolis, IN 46260

Dear Marian,

I gathered some more data from the library before I received your last letter with your information on the Shirley line. Gosh you put out a beautiful report. Is this a word-processor or a genealogy program?

Also, lots more to check on and I will definitely get your will on John Money at the courthouse on my next trip. I was working away this week and the daughter needed a baby-sitter so I didn't check everything I wanted to, darn it! She called the library so I dropped what I was doing and headed for the house so I'd be there when they returned from school.

I will also check the estate records on both the Money and Shirley lines while there. I will also check land records more thoroughly if you wish.

Following is the 1860 Hendricks County, IN Federal Census, extracts of "Shirleys' & neighbors":

As you can see, this isn't all the Shirleys' in Hendricks. I still have about 6 more names to look up. Sorry!

Following is data on marriages:
Early Marriages of Hendricks County, IN Book A

Anthony W Sherley mrd Caroline Marquis 7 April 1839
Nancy Sherley mrd Robert Cox 4 January 1838 (Our above Nancy is probably the widow of a Shirley that mrd here).
Elisha Shirley to Elizabeth Ford 24 October 1841
Julian Shirley to Merriah Smith 14 Oct 1834 - (Note the Menoah Smiths that are Shirley neighbors!)
Martin Shirley to Elizabeth Smith 4 June 1834
Mary Jane Shirley to Andrew Miller 17 May 1838
- - - - - - -
(Note* No early marriages found on "Money")

As there were quite a few Shirleys' in the WPA mrge records, I photo-copied them, however on the marriage supplemtns, I went ahead and extracted them as there wasn't that many, as follows:

Witnesses--John Rodes and Walter Rodes

I will close here and hope some of this information helps. I did one thing you wanted and that was the Sparks Cemetery. I will do more as I really didn't have much time to dig very deep today.

I will get another report to you as soon as I find more information: I will definitely read the 1850 and 1860 census of Hendricks and also check at the courthouse/land records, wills, estate and miscellaneous records.

Until later, take care and

HAPPY HUNTING!

Dear Marian,

About time, don't you think? I made another trip with my husband and when I returned, while inputting on my genealogy program, lost everything! Needless to say, I was and still am exasperated and upset just a wee bit!

I had worked since 1986 and had over 9,500 files. I will be able to salvage about 5,000 through older copies but it will take months to get back to where I had it. Wow, what a dumby I am though. I should know better but it was just a thing that happens, I guess.

Our new baby is doing fine and growing "like a weed". She is just beautiful. Little Whitley is quite a jabberer already. That's a Stultz trait!

I bet you are wondering what I do have. Well, let's play it by ear here. I ordered the 1870 and 1880 Hendricks County, Indiana Federal census on micro-film and have it in front of me. We will begin with the 1870 Brown Twp. as follows with neighbors:

Well, this more or less covers the 1870 and 1880 Hendricks County census on micro-film on your two lines. Most interesting, don't you think?

I will let you peruse this and get back with you later. I still haven't made that trip to the court house and library which I need to do. This is on my agenda so please hang in there!

I suppose I can figure another 3 hours left on your research so don't worry about this, okay?

Until later

Most sincerely,

HAPPY HUNTING!
